ST. JOSEPH'S PARISH SUMMER MASS TIMES

Monday-Tuesday 9AM
 Wednesday-Friday No Mass - Fr. Pier at Camp Morice
 Saturday 5PM and Sunday 9AM

Rest in the Lord: The readings speak to people coming out of exile, to Jesus' followers who are burdened, to those struggling to live as early Christians. Living in a time when we are burdened by information, negative or misleading, or disinformation as well as serious divisions and threats, we, too, need encouragement. We seek honorable leaders and words we can trust. Do we allow God's word to be a true source of good news for us? What would happen if we allowed ourselves to accept Jesus' invitation to come to him for rest? **Homework:** pray specifically for answer to one question that has been nagging you – and rest as God reveals the answer.

UPCOMING EVENTS:

July 7-9 LeJac Pilgrimage—transportation available July 8
July 8 Fr. Pier at LeJac Pilgrimage
July 30 St. Anthony's will host a **Farewell Party for Fr. Pier** beginning at 12:30pm

DIOCESAN EVENTS

DEVELOPMENT AND PEACE

Our God who is full of compassion, promises to lift up those who are bowed down. Lead us to understand not our own actions, dwelling within our own imperfect mind and flesh, but to call in trust and unity of spirit upon Jesus Christ. Help us to also become conduits of His grace as we work towards the Common Good. Take some time to explore some of the activities and resources Development and Peace has made available for Canadians to engage with Global Justice at <http://www.dev.org/en/resources/activities>

WHAT HAVE CATHOLICS CONTRIBUTED

Archbishop Fulton Sheen once said, "There are not even 100 people in this country who hate the Catholic Church, but there are millions who hate what they think the Catholic Church to be." 1. Light and the cosmos: (1)Franciscan Roger Bacon (d 1292) at the request of Pope Clement IV, largely initiated the tradition of optics in the Latin world - the first spectacles were invented in Italy around 1300, an application of lenses that developed later into telescopes and microscopes; (2)the Gregorian Calendar (1582), now used worldwide, is a fruit of work by Catholic astronomers, (3)as is the development of astrophysics by the spectroscopy of Fr Angelo Secchi (d 1878); (4)the Big Bang, was invented by a Catholic priest, Fr Georges Lemaître (d 1966,), a historical fact that is almost never mentioned. Future areas will include optics, science, philosophy, education, law, music, architecture, literature, language

NEW SUMMER MASS TIMES

Monday-Tuesday 9AM
Wednesday-Friday No Mass
Saturday 5PM and Sunday 9AM

Catholic Women's League

The Catholic Women's League is the largest national organization of Catholic women in Canada. It is an organization that has been going strong in most parishes across Canada since 1920 and here at St. Joseph's since June 1946. The Catholic Women's League is all about family. We actively fight for the rights of women and families at all levels of government, passing resolutions and working hard to understand and then act on complex political and social issues that affect all Canadians. As well, through fundraising activities, we support many groups that embody gospel values.
