Come learn more about our watershed, the creatures that share it and how to improve and preserve it.

Today's readings are for those who may have assumed that responding to God's call would be easy. The prophets, Jesus, the early Christians — none were spared from negative consequences or pain in responding to the call. Is this a warning of what is to come if we follow Christ, or merely a tip-off that commitment always contains the unknown? However we view it, we can take comfort in knowing that we are in very good company. And we know that God is with us.

It has been going strong in most parishes across Canada since 1920 and here at St. Joseph's since June 1946. The Catholic Women's League is all about family. We actively fight for the rights of women and families at all levels of government, passing resolutions and working hard to understand and then act on complex political and social issues that affect all Canadians. As well, through fundraising activities, we support many groups that embody gospel values.
