### Reflection for Trinity Sunday

Relationships — even genetic ones — are a mystifying reality, and the best efforts to explain them are often poetic. They are often described in terms of their results, as in today's readings on this celebration of God as a community. God's love, peace, truth and hope deepen our relationship to one another, the Earth, and all creatures. We don't need to understand this, only to believe and live it.

### Mass Time Change
